

Case Study: Management Accounts

GmbH

Client:

LGH GmbH, a German company that has 10+ employees with a €2m annual turnover. They hire and sell lifting equipment to a diverse range of industries.

Problem: A young company who did not have the personal or time to produce monthly management accounts and reports.

Goal: Reliable, timely and clear monthly data.

Solution: Sollertia created 2 key monthly management reports for LGH Germany

- Key facts and budget variance
- Both are available in English and German

Outcome: From efficient management reporting provision by Sollertia

- LGH Germany now has a true and complete picture of its business activities
- at a fraction of the cost of using in-house staff
- resultant data provision is vital to future business growth

Comment: “Sollertia presented us with the perfect solution with what has transpired to be a seamless transition. LGH Germany enjoys a complete package of account processing and purchase ledger controls with excellent support including an opportunity for experienced consultancy on all commercial and financial matters.”

Gordon Worswick, Director, LGH Europe.
