

Case Study: Staff Cover

Client:

Speedy Hire enjoy a turnover of £300m+ and employ 3,800 staff

Problem: Restructuring resulted in a number of internal changes leading to a need for purchase ledger management during the restructuring transition

Goal: Successful management of the purchase ledger during the transition period

Solution: Sollertia provided temporary personnel on site for a 4 month period to cover the management of their purchase ledger.

- controlling payments made to suppliers
- reconciliation of accounts
- and giving Speedy's internal purchase ledger staff the support they required over the transitional period.

Outcome: Sollertia's ability to deploy expert staff enabled:
Speedy Hire enjoyed smooth migration of purchase ledger functions from local offices to their head office without the need to recruit staff and increase manning levels.
