

Case Study: Accountancy Support

Client:

St Helens Chamber of Commerce is one of the largest and most active chambers in the UK. They represent sole traders to large corporations and multi nationals and offer accountancy support to a selection of its members.

Commission:

Sollertia has been commissioned to work with various organisations within the chamber to supply accountancy and bookkeeping support.

Support:

Some areas the support has covered to date include:

- Review and advice re appropriate accounting process and systems
- Identify KPI's and other ratios within the organisation
- Conduct regular client reviews
- Develop processes / systems to ensure accurate and easier production of year end accounts
- Consultation on accountancy issues
- Provide training to accounts departments and employees within various organisations on a variety of accounts packages, software and systems

Comment: *“My business would not be in the strong position that it is today without the guidance and support I have received over the last year from Sollertia. I would recommend that any new start up business be given the same level of support in their first year of trading to allow them to enjoy and succeed with their venture.”*

Jill Johnson, Willows Flower House

Comment: *“Thank you for your detailed response, support and successful implementation. We know where to find you for future assistance.”*

Rob Bosma, Imatrans
